

Rajesh Ravi

FSSA STUDENT

“Aspiring Web Developer with a Strong Learning Mindset”

I have prior knowledge of HTML, CSS, JavaScript and am currently building my understanding of Java, Python, and MySQL. Continuously exploring new technologies and improving problem-solving abilities. Eager to gain hands-on experience, contribute to projects, and grow in a dynamic team environment.

Projects

PlayFlix (OTT Website):

- Developed an OTT website using HTML,CSS , Java Script and Firebase, Managed data retrieval and storage using Firebase.
- It includes user login, subscriptions, and a searchable content movies. Built with Firebase for data and Video.js for smooth streaming, it provides an easy and reliable viewing experience.

Portfolio Website:

- Created a personal portfolio website to showcase projects and skills.
- Used HTML, CSS and Java Script for responsive design.

Education

I completed my 12th standard in the Maths-Biology stream with 74%

G.T.R. Higher Secondary School , Salem.
